

## Makalia's Rolled Brim Two color hat

Loom used: 36 pegged

Two colors of yarn, MC-main color, CC-contrasting color  
(Double strand of yarn used through out the entire hat)

Needle

Techniques needed, e-wrap, and gather

This hat has a very big curled brim work brim in MC, with double strand and a 1 over 1 stitch, till it curls up 2 to 3 inches, do not make cuff.

When brim reaches desired size continue using MC wrapping next two pegs, skip next two pegs, continue in this pattern around to the beginning.

Attach the CC color in first skipped peg e-wrap next skipped peg, and every other skipped peg around.

Continue e-wrapping pegs in the same color order till hat is as long as you want it.

Finish off with a gather.

This hat has more stretch then the cuffed hat, so size adjustments might be needed.

An alternate:

Start hat with MC for first e-wrap. Second row around skip pegs with MC as above and add the CC to the skipped pegs. You will only have the first row as one color, the rest of the hat with be two colored.
