

Entrust your event to us...

We will help you keep your memories fresh in your mind. Whether it's a current event or revisiting special moments, we will preserve the cherished memories in your life for you, your family, and for generations to come.

Our goal is to produce a video you can be proud of. Having been in business since 1985, we have confidence you will see our expertise in video production and mastery of modern digital computer editing in the quality, artistry, and other special touches we provide.

"My husband and I would like to thank you for capturing our special day. We can not express how your quality and expertise truly make this investment one we don't regret doing. These are wonderful memories we will cherish for a lifetime..."

Weddings

We take your wedding day very seriously, to provide you with a flawless quality reproduction of your momentous event, without static, glitches, or shots of Uncle Fred's shoes.

Standard package options:

- Personalized introduction
- Incorporation of wedding invitations, programs, and other memorabilia
- Photo Montage of up to 30 still photos of Bride & Groom
- Appropriate music incorporated throughout many sections of the video
- Comments from family & guests
- Wireless professional microphones
- Professional quality cameras and digital editing equipment
- Documentary style approach so nothing is left out

A professionally produced video has become an integral part of the whole wedding experience, capturing not just sights and sounds but the mood as well. Das Video Haus will create your own personal love story, incorporating still pictures, titles music, various special effects and editing techniques. We will work with you throughout your special day, directing where necessary, but also staying as unobtrusive as possible.
