

WHAT DOES THE DEEP SEA SAY (v.1)

4/4 time, key of C

verse

C / | / **G** / | / **C** / | / **C** / | /

What does the deep sea say

C / | / **G** / | / **C** / | / **C** / | /

Oh what does the deep sea say

C / | / **G** / | / **F** / | / **Dm** / | /

It moans, it groans, it flashes and it foams

G / | / **G** / | / **C** / | / **C** / | /

And rolls on its weary way

Where is my sailor boy Oh where is my sailor boy

He lies at the bottom of the deep deep sea And he can't come back to me

Please tell me deep blue sea Is he sleeping peacefully?

The wind from the north is blowing icy cold Please keep him warm for me

Chorus:

What does the deep sea say

Oh what does the deep sea say

It moans, it groans, it splashes and it foams

And rolls on its weary way

I stand on the beach alone And gaze at the misty blue

Deep sea as you hold him to your breast Does he mention my name to you

If only my dreaming soul Some token of love could find

If only a wave would show me where he sleeps Then I'd leave this world behind

Chorus

A beautiful rose one day I placed on the crest of a wave

Deep sea take it please and let the petals fall upon his watery grave

The driftwood I watched in vain It never came back again

Deep sea take another message to my love Saying I'm waiting here above
