Chorus:

Well a hundred years from now I won't be crying

A hundred years from now I won't be blue

And my heart will have forgotten that she broke every vow

I won't care a hundred years from now

Oh, it seems like only yesterday you told me

You couldn't live without my love somehow

Now that you're with another it breaks my heart somehow

I won't care a hundred years from now

Now do you recall the night sweetheart you promised

Another's kiss you never would allow

That's all in the past dear it didn't seem to last

I won't care a hundred years from now
