more info

- 16:9 widescreen aspect ratio delivers a cinema-style entertainment experience; 4 selectable viewing modes
- Wide XGA (1366 x 768 pixels) resolution supports 720p signals for stunning image clarity
- Dynamic contrast ratio (4,000:1) contrast ratio delivers incredible images whether you're watching dark or bright scenes; 800:1 contrast ratio
- Wide viewing angles (170° x 170°) allow you to view your screen clearly from anywhere in the room
- High brightness (450 cd/m²) lets you put your TV near windows, doors and other light sources — and the picture is still vivid; 60,000 hour lamp life
- Ultrathin LCD measures 4-1/2" deep; comes with table stand or can be mounted on a wall (with optional mounting brackets — not included)
- 2 built-in 10W speakers with BBE high-definition sound with Mach 3 bass recreates the experience of cinema sound effects
