

eScrip is an almost free way to contribute to Throop church.
One needs to fill out some forms, mail them in.
Maybe need to reregister Grocery Cards once a year.

How to sign up with eScrip.

If you have Computer access, start by going to
<http://www.escrip.com/>

Ask to become a supporter by going to:

<https://secure.escrip.com/jsp/supporter/registration/step1.jsp>

This phase, besides a number, recognizes

Throop Memorial Church.

You can donate to a maximum of 3 places.

Subsequent phases wants more information about your name, location,
and eventually Grocery cards, and/or Charge cards.

In the past I have donated in two ways:

My wife has a Pavilions's charge card:

You can use that number, and when registered to both Pavilion's and eScrip, and
you purchase from Pavilion's using your Pavilion's card

(eScrip accepts Vons and Pavillion's cards.)

there will be a small donation to Throop Church:

From time to time (once a year?) you need to reregister your Pavilion's card
so Throop will continue to get contributions:

I think to reregister the standard method is to talk to the manager of
the grocery store you are using.

The other way I have used it is for Diner's Rewards:

There are some restaurants (like Shaker's, ... there are a lot of them)

You register a charge card with eScrip, and when acknowledged, if you go
to one of the qualifying restaurants and use the credit card associated with eScrip

Throop will get a small donation.

If you do not have computer access,

There is a form you can fill out, mail it to eScrip with the same effect:

The ID number for Throop is

7187382

I am including a Form that Users can fill out with the crucial information:

Group Name:	Group ID#:
Throop Memorial Church	7187372

=====

Now you can connect eScrip with Facebook, Twitter?

There are applications for most Mobile Phones: iPhone, iPod Touch, Android,...
that if you are computer savvy, should be easy to use.

I have not tried any of these applications as of yet.
