

Happy New Year from A&Z Apiaries!

Like the seed catalogues, this letter comes during the darkest days of winter. For those who haven't heard, my partner Jim Gray has retired and moved to Santa Fe, New Mexico. This means that I will be handling all Package Bee orders from this time onward.

As in past years, I will continue representing Wilbanks Apiaries in Claxton, Georgia, offering the finest in three pound package bees and queens.

I have reserved three loads this year with tentative dates of April 8<sup>th</sup>, May 7<sup>th</sup>, and May 18<sup>th</sup>. Remember that production of bees is dependent upon the weather and there is always a real possibility of these dates shifting. I will post the status of each load on my web site, [www.azapiaries.com](http://www.azapiaries.com) .

Prices are \$95.00 inc CT Sales Tax. You can place your order by email, [adam@azapiaries.com](mailto:adam@azapiaries.com) and telephone 860-455-1296 I look forward to your order.

Adam Fuller
